Corporate Account *Setup Guide*

How to open a brokerage account under a business or corporate entity with Aeron Markets — from the business KYC form through to receiving your corporate login.

OVERVIEW

This guide walks you through the process of opening a brokerage account under a business or corporate entity with **Aeron Markets**. If you wish to trade or operate as an Introducing Broker (IB) under a company name rather than as an individual, follow these steps carefully.

STEP 1 Select 'Business' on the KYC Registration Form

Use the KYC link provided to you by the person who referred you — the same link used for a personal account. When filling out the form, select 'Business' rather than 'Personal' when prompted for account type.

- ▶ Use only the KYC link given to you by your introducer — do not use a generic signup link.
- ▶ When the form asks for account type, select **Business**.
- ▶ Complete all remaining fields as normal, providing your personal details as the authorised representative of the business.
- ▶ Submit the form once complete.

STEP 2 Access Your Account & Verify Your Identity

You will receive your Aeron Markets login credentials by email from support@aeronmarkets.com within 24 hours of your KYC submission. Log in to your personal Aeron Markets back office at live.aeronmarkets.com. Once logged in:

- ▶ Upload your personal KYC verification documents as requested (proof of identity, proof of address, etc.).
- ▶ Review and sign the Terms & Conditions when prompted.

NOTE

This personal KYC and T&C sign-off is required regardless of whether your trading account will ultimately be corporate or personal.

STEP 3 Fill Out the Corporate Application Form

Separately from the online KYC process, you must also complete the **Aeron Markets Corporate Application Form**. This is a document provided by Aeron Markets that captures the details of your business entity.

- ▶ Obtain the form from your introducer or by requesting it from support@aeronmarkets.com.
- ▶ Fill in all required fields including company name, registered address, company registration number, and details of directors and beneficial owners.
- ▶ Ensure all sections are fully completed — incomplete forms will delay the account opening process.
- ▶ Do not send the form until you have signed the T&Cs inside your Aeron Markets back office (Step 2 above).

TIP

Have your company registration documents, proof of business address, and director / shareholder ID documents ready before completing the corporate form.

STEP 4 Decide: Corporate Only, or Personal + Corporate

When submitting your corporate application form to Aeron Markets, you need to specify which account structure you want. There are two options:

OPTION A – CORPORATE ONLY

Your personal back office is replaced by your corporate back office. You will have one single login.

OPTION B – PERSONAL + CORPORATE

Keep your personal back office **and** open a new corporate back office. You will have two separate logins — one for personal, one for corporate.

Use the relevant email template in Step 5 below depending on which option you choose.

STEP 5 Submit Your Form & Request Your Corporate Account

Once you have signed your T&Cs inside your Aeron Markets back office and fully completed the Corporate Application Form, email it to Aeron Markets using the appropriate template below. **Attach your completed and signed Corporate Application Form to the email.**

● EMAIL TEMPLATE – OPTION A: CORPORATE BACK OFFICE ONLY

To: support@aeronmarkets.com
Subject: Corporate Account Request – Corporate Back Office Only

Dear Aeron Markets Support,

I have completed my personal KYC verification and signed my Terms & Conditions inside my Aeron Markets back office.

Please find my completed Corporate Application Form attached.

I would like to request that my personal back office be replaced with a corporate back office for the following entity:

Company Name: [INSERT COMPANY NAME]
Registered In: [INSERT COUNTRY OF REGISTRATION]

Please proceed with opening my corporate account and provide me with my corporate login credentials.

Kind regards,

FULL NAME

Position: [INSERT YOUR TITLE / ROLE]

● EMAIL TEMPLATE – OPTION B: KEEP PERSONAL + ADD CORPORATE

To: support@aeronmarkets.com
Subject: Corporate Account Request – Retain Personal + Add Corporate Back Office

Dear Aeron Markets Support,

I have completed my personal KYC verification and signed my Terms & Conditions inside my Aeron Markets back office.

Please find my completed Corporate Application Form attached.

I would like to request a new corporate back office for the following entity, while also retaining my existing personal back office:

Company Name: [INSERT COMPANY NAME]
Registered In: [INSERT COUNTRY OF REGISTRATION]

Please proceed with opening my corporate account and provide me with a separate set of corporate login credentials in addition to my existing personal login.

Kind regards,

FULL NAME

Position: [INSERT YOUR TITLE / ROLE]

STEP 6 You're All Set

Once Aeron Markets has processed your corporate application, you will receive your corporate back office login credentials by email from support@aeronmarkets.com.

- ▶ If you chose **Option A**, your new corporate login will replace your personal login.
- ▶ If you chose **Option B**, you will receive a second set of login credentials for your corporate back office — keep both sets safe.
- ▶ Log in to your corporate back office at live.aeronmarkets.com using your new corporate credentials.

SETTING UP AS AN IB?

If you are also setting up as an Introducing Broker under your corporate entity, refer to the IB Setup Guide for the next steps.
